- **15** full-time employees supporting our volunteers

Monya's Journey: Hope and Stability for a Determined Mother

Monya, a single mother of two, was working fewer hours to complete her medical assistant training, which strained her finances.

After landing a stable job, she faced a new challenge: her parents had to move in when her father lost his job. Though Monya could support her kids, her income wasn't enough for everyone.

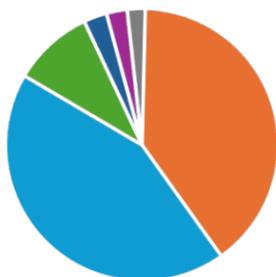

Thanks to a grant from the Underserved Communities Initiative and help from Vincentians at the St. Thomas Aquinas conference, her family received rent assistance. This support gave Monya's family a chance to rebuild.

She expressed deep gratitude for the hope this help brought, "Just knowing that people are out there who care—gives hope to all of us in need."

Breaking Barriers: Christy's Path to Economic Empowerment

Christy finds immense value in the 'Getting Ahead' program, describing it as a catalyst for both personal and professional growth.

"I gained insights into systemic poverty and acquired the tools to overcome it."

Despite remaining in her current job, Christy now possesses a better understanding of how to seek and recognize better opportunities.

Having completed the 16-week program and the graduate program, Christy now contributes to the alumni program and is helping others on their journey to economic empowerment.
